Fast Food Counters

The NEW SMART series is a range of pizza counters for pizzeria and fast-food, with reduced overall dimensions.

The refrigerated counters for fast-food are ideal for the preparation of salads and sandwiches. They are available with 2 or 3 doors, 700 and 800 mm deep with internal dimensions respectively GN 1/1 and cm 40x60. The refrigerated tray holder, suitable to house GN trays, is equipped with stainless steel lid with sealing for perfect closing. Work tops can be supplied in stainless steel or in granite. GN containers not included.
